

# Good practices

## Web page creation

If you see this page, you are already [connected](#) with your “LISN” login (for instance exemple *scoobydoo*).

Should you only have pages in one language, please type the following URL (remplace *scoobydoo* by your login):

<https://perso.lisn.upsaclay.fr/wiki/scoobydoo/start>

If you want to have pages in French and English, you have to create pages in one of the languages :

- <https://perso.lisn.upsaclay.fr/wiki/fr/scoobydoo/start>
- <https://perso.lisn.upsaclay.fr/wiki/en/scoobydoo/start>

Once the page is created then clic on the en / fr bottom right to find the same content and translate it.

## Links

You can add a link on the [start page](#) ([fr](#) | [en](#)).

To be listed in the LIMSI directory <sup>1)</sup>, fill the form <sup>2)</sup>.

## Tag

If you add a tag in your page (for instance *help*) the word will appear on the start page.

```
{{tag>help}}
```

<sup>1)</sup>

<https://www.limsi.fr/fr/annuaire>

<sup>2)</sup>

<https://intranet.limsi.fr/RGPD/>
